

ConnectPointz

We Process. You Profit.

Registration Guide

ConnectPointz is a service operated by ACT Data Services, Inc to facilitate fulfillment of your drop-ship orders, we call it CPZ for short.

CPZ can receive orders and send shipping info with virtually any source, EDI, Web store, your proprietary source, online market place, or Product Information Manager.

Similarly, CPZ can send orders and receive shipping and invoice info with virtually any Shipper. Your Shipper may be your warehouse, a distributor you are reselling, or a 3PL that is functioning as your warehouse.

Please enjoy this presentation and send any feedback to support@connectpointz.com. Also, follow us on Facebook and Twitter!

Thank you,
Mike Meyer
